

Internet Banking and Electronic Services

Setting up Internet Banking

1. Go to <https://wlfcu.com> and enter your username and temporary password:
 - Username: _____
 - Temporary Password – Last Four Digits of Social Security Number
2. Read and accept the Terms & Conditions for our Online Disclosure.
3. Set a new permanent password. The password must be between 8-16 characters in total and include at least one letter, at least one number, and at least one special character.
4. Click 'Yes. Enhance my security.'
 - Select a security image from the list given.
 - Select and answer four Challenge Questions.
5. When complete you will be redirect to the front page to sign in with the permanent information.

Setting up Mobile App

1. Download the app from the Google Play Store (Android Devices) or iOS App Store (Apple Devices) by searching for 'WLFUCU' or 'Windsor Locks FCU'.
2. Log in with your username and password.
3. Select how you want to authenticate the device (one time per device per user):
 - Send an email with a 5-digit authorization code;
 - Sign on via web browser on a desktop or laptop and select 'Device Activation'.
4. Enter the code on the following page if selecting the e-mail option, or sign-in once more if activated via web browser.
